

# SWIMS GOOD. FALLS HARD.

SquareTrade tested the Apple iPhone 7 and 7 Plus alongside the Samsung Galaxy Note®7. What did we find? Apple left the headphone jack behind, creating the first water-resistant iPhone generation. But when they fall out of your hand – they still fall hard.

## iPhone 7

## iPhone 7 Plus

Breakability Factors	Gripability	Weight	Water Test	Corner Drop	Face Down Drop	Bendability Test	Tumble Test	Breakability Score
iPhone 7	4	4	4	7	10	3	5	<b>5</b> MEDIUM RISK
iPhone 7 Plus	8	8	4	9	9	2	4	<b>6</b> MEDIUM RISK
Galaxy Note7	8	7	2	6	8	9	7	<b>6.5</b> MEDIUM RISK

## HOW WE CALCULATE THE SQUARETRADE BREAKABILITY SCORE™

The SquareTrade Breakability Score compares the breakability of today's top devices. Each device is reviewed and scored based on a number of factors, from physical characteristics to the results of SquareTrade's drop, dunk, bend and tumble tests. The higher a device scores, the higher the risk of it breaking due to an accident.
